## **SINO - Scholars Indonesia China Network**

### Our Vision:

Serve as a platform for Indonesian citizens who are currently or have previously studied in China and are actively engaged in research, and to facilitate knowledge sharing for the advancement of science in Indonesia

### Our Mission:

1. Foster strong internal networking and collaboration among members.
2. Facilitate the exchange of experiences, knowledge, skills, and information (knowledge transfer) regarding research progress and innovation among members to enhance their expertise.
3. Establish cooperation between Indonesia and China to advance science, research, entrepreneurship, and innovation

## SINO - Scholars Indonesia China Network

### Membership Criteria

Membership is divided into active members and observer members

Active members are:

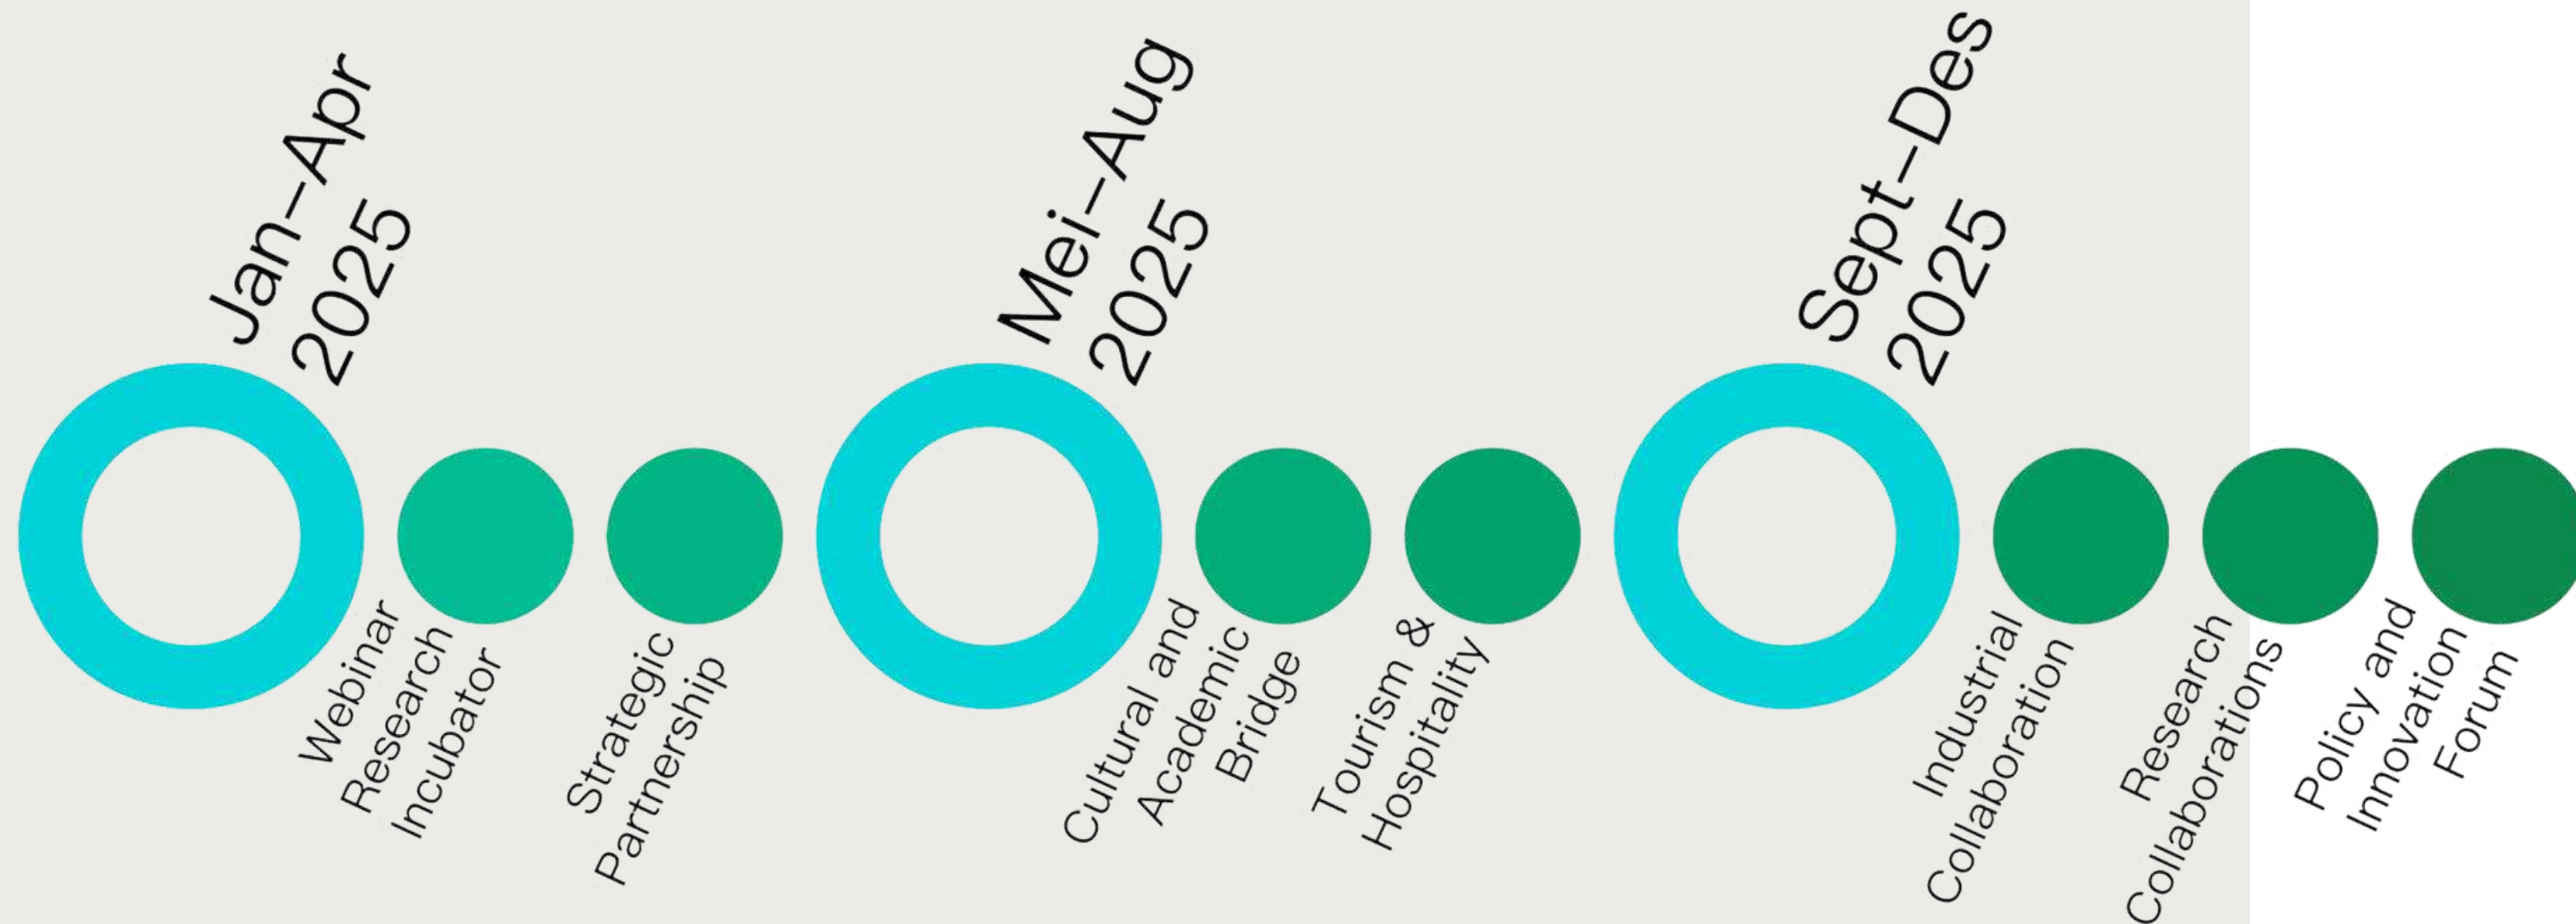

1. Indonesian citizens who are studying for Masters and Doctoral degrees in China, or
2. Indonesian citizens who are studying for Postdoctoral degrees in China, or
3. Indonesian citizens who work in academics and/or research in private or government institutions both in Indonesia and outside Indonesia (been studying in China before).

Honorary members are:

1. Indonesian citizens who are not in China and choose to become observer members after leaving China, or
2. Indonesian citizens who, based on their experience, knowledge, and position, can support the development of SINO.

# SINO - Scholars Indonesia China Network

## Cluster : Natural Science

### Focus Research:

- Earthquakes
- Disaster Prevention and Mitigation
- Optical Tracking System
- Signal Processing and Machine Learning
- Machine Learning
- Neuroscience, Sport Science, Cognitive Science
- Artificial Intelligence - Natural Language Processing
- Green Port
- NLP, Deep Learning
- Hydrogen storage for hydrogenation
- Marine Biogeochemistry
- Marine Sciences, Marine Microbiology
- Developing and application of synthetic biology for food
- The impact of climate change on macroalgae
- Autonomous driving perception. Vision Language in Artificial Intelligence
- Bioinformatics
- Lipidomics, metabolomics, meat science, egg science, food processing and preservation
- Neural networks, control system
- Coastal environment, pollution, waste treatment
- Coastal Blue Carbon and Climate Change
- Animal Science
- Medical Image
- Soil Science (Agriculture)

## Cluster : Social Science

### Focus Research:

- AI impact on US - China Relations
- Ekonomi Politik Mobil Listrik di Asia Tenggara
- Indonesian Mandarin curriculum & syllabus
- Diplomacy, Foreign Policy, ASEAN, Indo-Pacific, International Political Economy
- ASEAN Hedging Strategy
- Diplomasi publik
- hub. internasional (ekonomi, politik dan sosial)
- Artificial Intelligence, ethics, digital business, entrepreneurship, financial technology
- Akusisi dan perkembangan kompetensi bahasa kedua anak dan remaja
- Agricultural extension
- International Security (Terrorism)
- Environmental, Energy and Agricultural Economics
- public diplomacy, chinese foreign policy, discourse analysis in international relations
- Bahan Ajar Bahasa Mandarin
- Pengajaran mandarin
- Adverse Childhood Experiences and Health Risk Behavior
- Language and Culture
- Digital health transformation
- Sustainable Cultural Tourism
- Generative artificial intelligence
- Indonesia FP, ASEAN, East Asia
- FDI China-Indonesia
- Internal Quality Assurance in Higher Education
- ESG, CSR, Corporate Governance
- Management Accounting, Artificial Intelligence, Organizational Behaviour
- China Indonesia relations dan Maritim internasional
- Financial inclusion & literacy
- Sustainable finance
- Innovation Economics
- Environment Policy and Economic Development
- Financial Report Analysis and Auditing

SINO Scholars of Indonesia China  
Network

## Education

Beijing Sport University (MSc)  
Major in Sport Competitive and Science (Sport Psychology)

Tsinghua University (PhD Student) - Now  
Major in Human Kinesiology and Science (Neuroscience)

## Work Experience and Publication

Tsinghua University PhD researcher under Professor Ma Xin Dong

Tsinghua University Kids Lab under Professor Stella Christie

Gasing Academy Researcher

Pengurus Besar Persatuan Rugby Union Indonesia: Referee Departement

PENGPROV PRUI West Java: Head of Women Development Committee

Publication:

- Analysis Knowledge Level Laws of The Game Rugby Union of Rugby Athletes PON XX Papua
- Analysis Current Situation and Health Measures University Teachers in Beijing
- Technical and Tactical Analysis of Men's 63KG Athlete Zhao Shuai at the 2019 World Taekwondo Championship – ASEAN Journal of Sport for Development and Peace
- Book Translation Team: Rugby Laws of The Games, Get Into Rugby, Coaching Book 5+ Nationally distributed to every PRUI province in Indonesia
- Oral presentation in New quality productivity drives the Healthy China Action and the annual meeting of the Sports and Public Health Branch of the Chinese Biophysical Society: Realization of the value of sports migration - the cross-integration of sports health and future technology
- Oral presentation in Tsinghua University School of Social Sciences "Zhaiming Duxing" Graduate Academic Forum and Tsinghua University 743rd Doctoral Academic Forum : The Effect of Life Kinetics to Increase Attention and Memory in Badminton Service Skills" in International Journal of Sport and Exercise Psychology Q2
- Poster presentation in Tsinghua Neuroscience International Conference: Integrating the GASING Method in Mathematics Education to Enhance Cognitive and Physical Development: A Neuro-Educational Study of Rural Area Nduga, Indonesia
- L-Lactate Induced Mitochondrial Membrane Modulation Regulates Energy Metabolism and Redox Hemeostasis in C2C12 Myoblasts. Molecular Biology MDPI Q1 (under review)
